ROUGH DRAFT

25X9A2

With the approval of the Joint Training Committee, a subcommittee consisting of one representative each from [REDACTED] II/OS/OPC and TRD, has established the following procedures regulating the release of <sup>TRD in instruction</sup> Training Material to CIA field installations:

### 1. Processing

Field installations or Headquarters desks shall submit through appropriate channels requests for <sup>Overseas</sup> Training Material in triplicate on the attached form to Research Materials Officer (RMO)/TRD. On the basis of the request RMO/TRD shall procure suitable material and forward it to the subcommittee for clearance.

The subcommittee will conduct a general review of the materials in order to determine OSO/OPC staffs and divisions whose specific review and clearance are considered necessary, and the committee will then forward the materials to those staffs and divisions.

Concerned staffs and divisions will review the materials in detail from the following two points of view:

- 1) Validity,
- 2) Security,

and will return the materials to the subcommittee with appropriate recommendations.

### 2. Clearance

Final determination of the material's suitability shall be made by the subcommittee, which shall communicate its decision in the form of

- a) Approval,
- b) Conditional Approval, or
- c) Disapproval

to the Headquarters desk concerned in writing in the space provided therefor on the Field Request Form.

Material approved or approved conditionally shall be forwarded ~~together with the decision~~ to the Headquarters desk for transmission to the field. In case of conditionally approved material, the subcommittee shall indicate the security or other factors that must limit its use. Material disapproved for release shall be returned to RMO/TRD. In such cases the subcommittee shall likewise indicate the reasons for its disapproval and shall make recommendations for the substitution of other material.
